Fanvil Solutions for Education

Terrorism (Protection of Premises) Act 2025
Prepare now for implementation

MARTYN'S LAW FOR SCHOOLS

FROM PREPAREDNESS TO RESPONSE

Supporting safer schools with Fanvil IP Public Address & Door Entry Solutions

MARTYN'S LAW: THE TIME TO PREPARE IS NOW

Royal Assent
3 April 2025

Implementation Period Underway

Planned Implementation 2027

IS YOUR SCHOOL IN SCOPE?

People reasonably expected on site	Tier for your setting
0–199	Generally out of scope*
200–799	**STANDARD TIER**
800+	**STANDARD TIER** for childcare, primary, secondary & further education

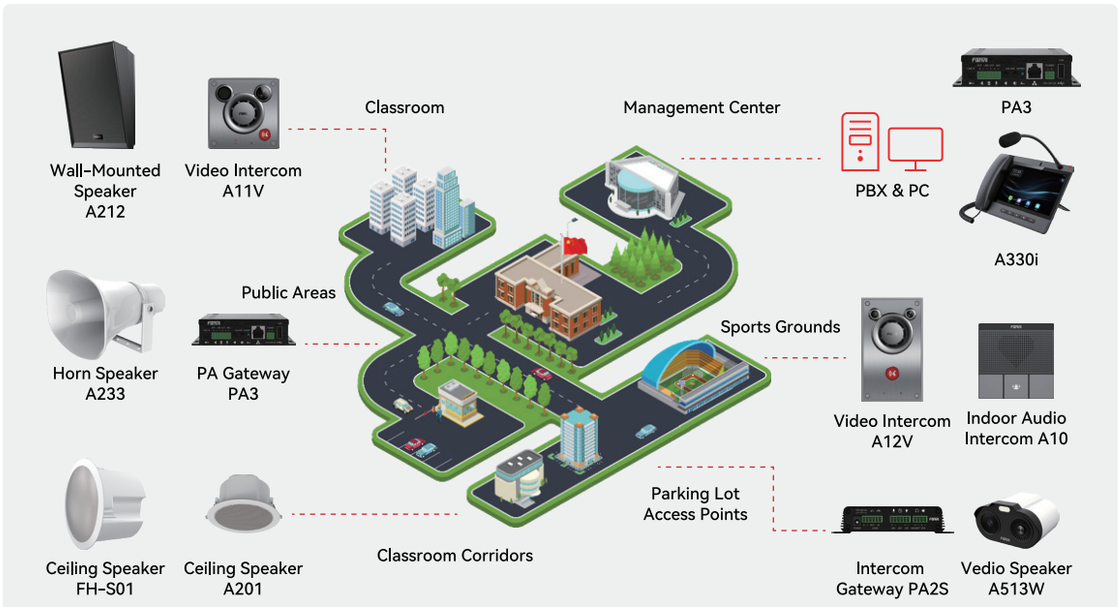

Applicability depends on the specific premises, use and number of people reasonably expected to be present. Always check the latest UK Government guidance.

OUT OF SCOPE ≠ NO PREPAREDNESS

Being outside the scope of the legislation does not mean being outside the need for preparedness.

Every education setting should consider how it would respond to an emergency and keep staff and learners safe.

CAN YOUR SCHOOL COMMUNICATE IN AN EMERGENCY?

Can you deliver the right message, to the right people, at the right time?

THE REAL CHALLENGE IS COMMUNICATION

Having a plan is only the first step.
Can everyone receive the right message?

FAST
Delivered quickly

CLEAR
Easy to understand

TARGETED
Sent to the right zone

CONNECTED
Across the entire site

That's where your communication infrastructure matters.

FANVIL PUBLIC ADDRESS-ONE MESSAGE EVERY WHERE IT MATTERS

Choose the Right Solution for Your Public Address & Intercom System

	 PA3	 A330i
Core Positioning	Broadcast Management + Legacy Integration	Advanced Centralised Control
Management	✓	✓
Reuse of Existing Analogue PA Equipment	✓	✓
IP Speakers	✓	✓
SIP Integration	✓	✓
Zone-based Broadcasting	✓	✓
Scheduled Broadcasting	✓	✓
Advanced Control & Visualisation	———	Better suited
Deployment	Small to Mid-sized / Flexible Deployments	Large-scale / Advanced Deployments

— MORE THAN EMERGENCY COMMUNICATION —

Background Music | Scheduled Bells | Daily Announcements | Paging

PA3-BASED SOLUTION

✓ Cost-effective | ✓ Existing Analog PA Integration | ✓ Basic Emergency Communication

Cost-effective Upgrade

Leverage existing analog PA systems with minimal investment.

MANAGE

Centralise broadcast management

INTEGRATE

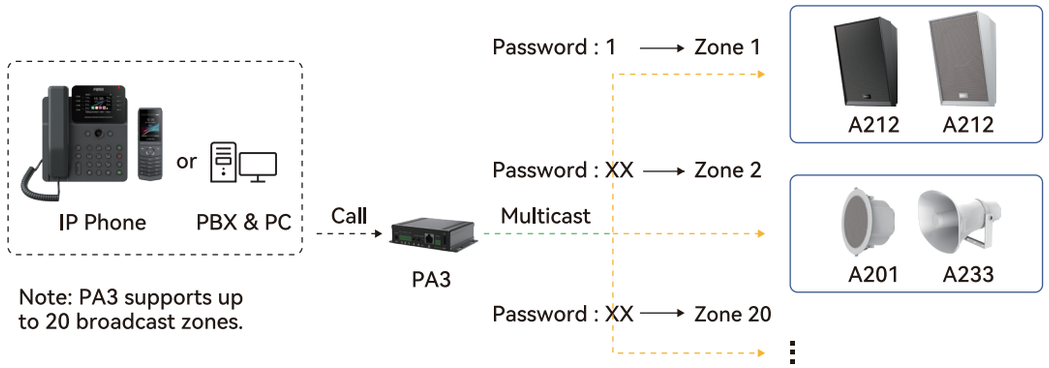

Connect existing analogue PA infrastructure to SIP/IP

EXPAND

Add IP speakers and communication endpoints as your needs grow

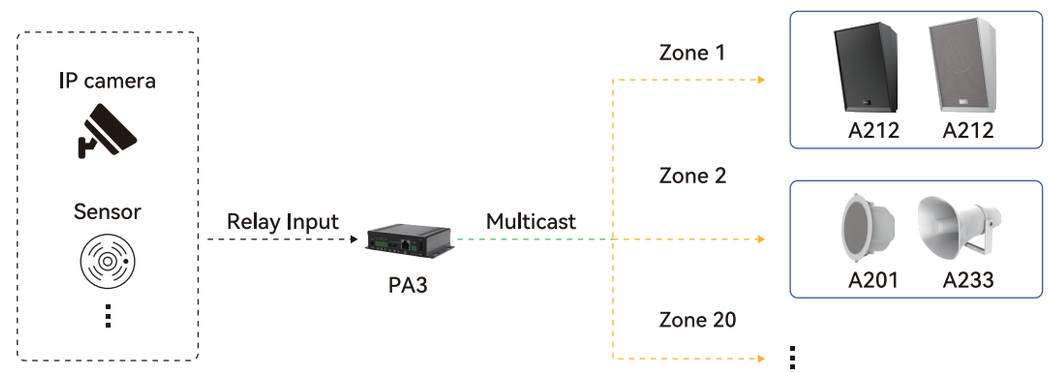

EVACUATION & INVACUATION

Guide people to a safer location with clear, site-wide or zone-based announcements.

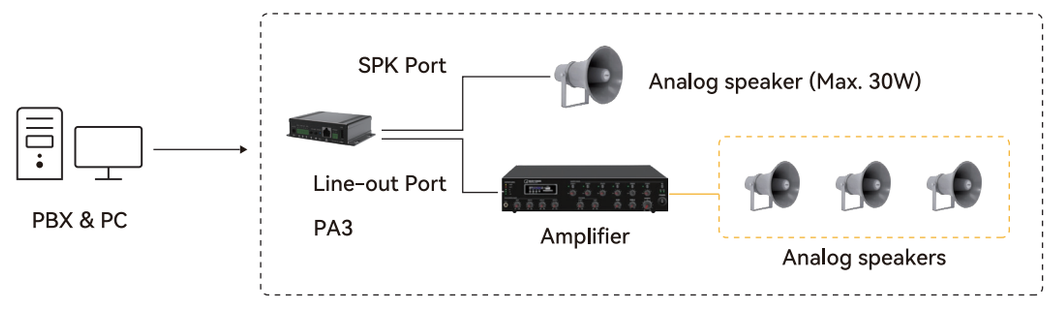

LOCKDOWN

Quickly communicate lockdown instructions and keep staff informed.

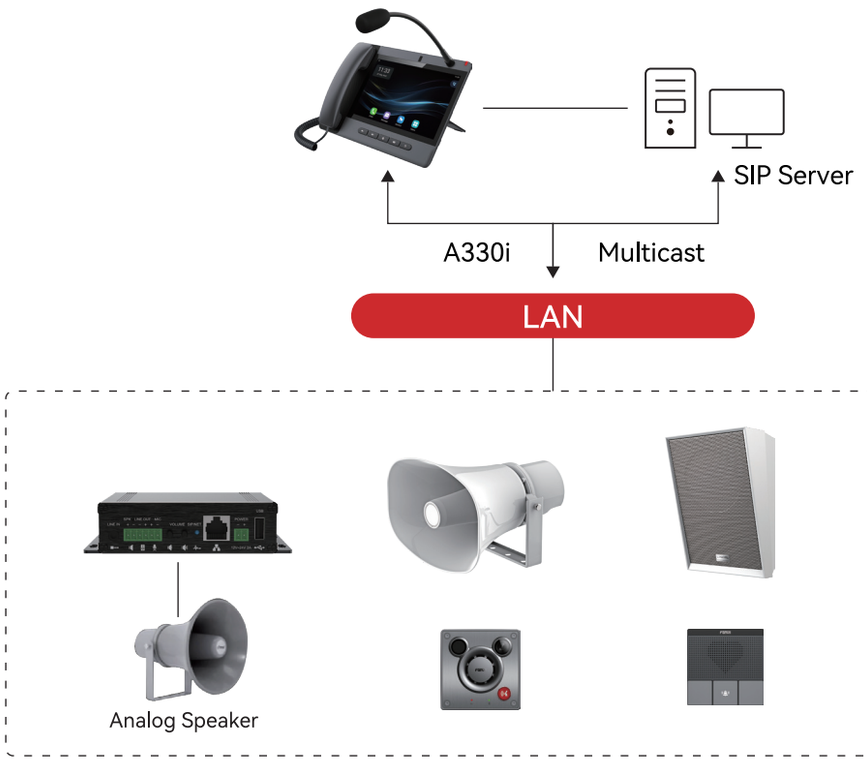

LEGACY INTEGRATION

Connects existing analogue PA infrastructure to a modern SIP/IP network

A330I-BASED SOLUTION

- Integrated Control
- Visual Command
- Automation
- Up to 300 SIP Endpoints

Smarter Command Center

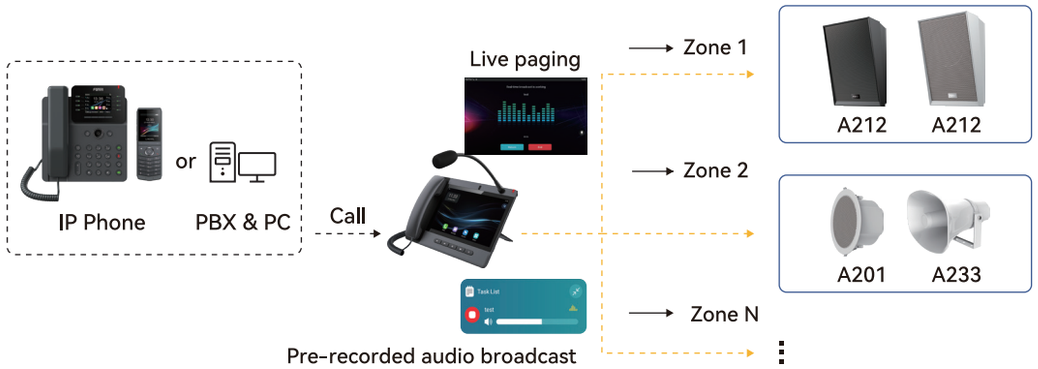

Centralized control, visual management and automation for modern campuses.

— CENTRALISE YOUR COMMUNICATION —

One console	One interface	Multiple zones

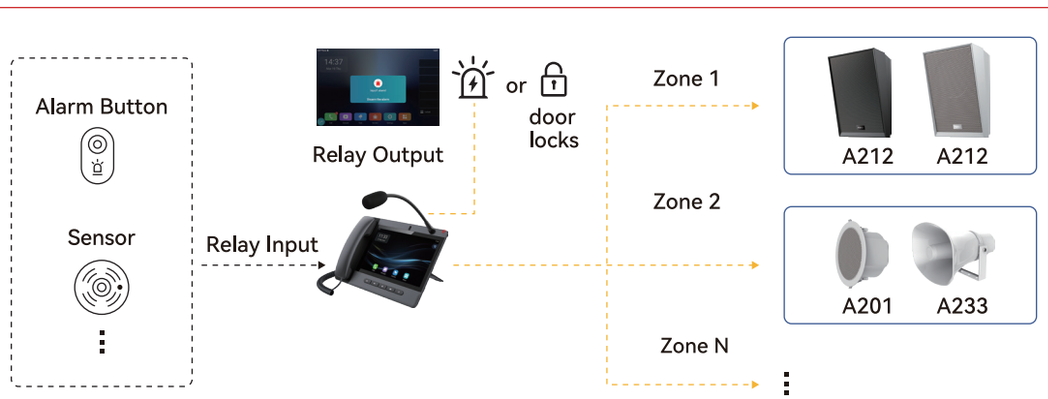

EVACUATION & INVACUATION

Select a zone→Live or pre-recorded messages→Trigger emergency communication instantly

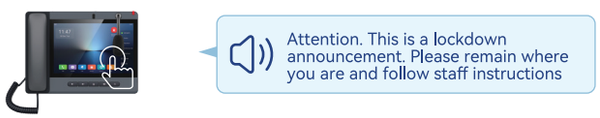

LOCKDOWN

Quickly communicate lockdown instructions and keep staff informed.

— ONE-TOUCH LOCKDOWN BROADCAST —

- Select the zone
- Trigger the announcement
- Keep everyone informed

— Choose the right console for your deployment —

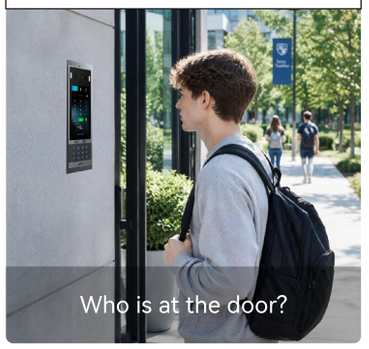

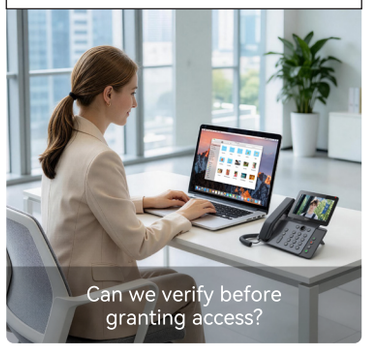

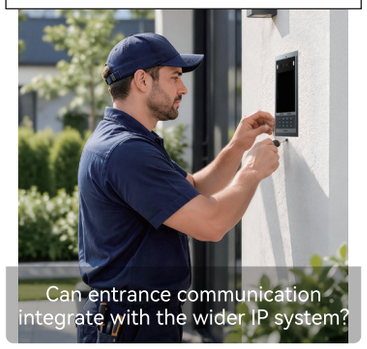

A320i / A308i
→ Mid-size deployment

A330i
→ Larger / advanced deployment

Ideal for : Schools looking for centralised control and a scalable IP communication system.

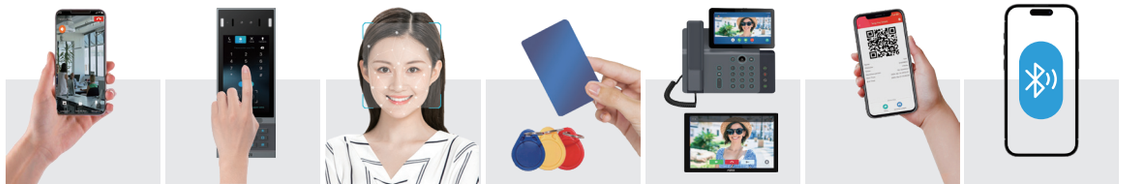

SECURE THE ENTRANCE CONNECT THE RESPONSE

FOR SCHOOL STAFF	FOR SECURITY / MANAGEMENT	FOR INSTALLERS
		
Who is at the door?	Can we verify before granting access?	Can entrance communication integrate with the wider IP system?

One Door. Multiple Ways to Access

Visitor → Identity Verification → Access Decision

— Multi-method unlocking: Suitable for all your access needs —

Fanvil link Mobile APP | PIN Code | Facial Recognition (i66/i67/i68) | IC/ID Card | DTMF Code | QR Code (i66/i67/i68) | BLE (i60/i60K/i68)

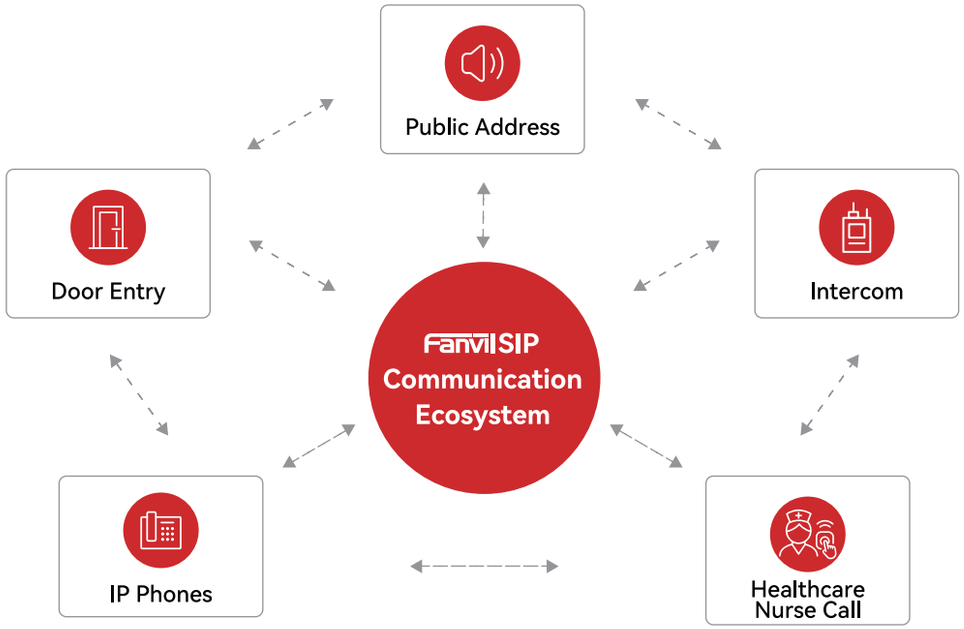

Fanvil i6 Series Door Phone

i68 | i67 | i66 | i64 | i62 | i60 | i55x Serises | i56x Serise

WHY FANVIL? ONE CONNECTED COMMUNICATION ECOSYSTEM

Connect communication across the whole school.

OPEN
Open SIP architecture

CONNECTED
Connect communication across your site

SCALABLE
From a single site to multi-site deployments

FLEXIBLE
Integrate with existing infrastructure and systems

BEYOND EDUCATION

Designed for Schools.
Ready to Scale.

- Education
- Office
- Retail
- Healthcare
- Stadium
- Residential & Community
- Transport & Public Spaces

The same connected communication approach can support a wide range of public-facing environments.

HOW READY IS YOUR SCHOOL FOR MARTYN'S LAW?
